

ENERGY STAR® STATE APPLIANCE REBATE PROGRAM

As part of the American Recovery and Reinvestment Act of 2009, the U.S. Department of Energy is providing funding to states and territories to support consumer rebate programs for ENERGY STAR qualified appliances. Under these programs, consumers can receive rebates to purchase energy-efficient appliances when they replace used appliances. Eligibility guidelines, covered products, and rebate amounts differ by state, so consumers should review program requirements carefully.

LOUISIANA

Louisiana Department of Natural Resources, Technology Assessment Division

REBATES AVAILABLE – PROGRAM CLOSED

Rebate reservations began on April 24, 2010. As of May 3, 2010, the program was fully subscribed and rebate reservations are no longer available. Before making a purchase, confirm funding and requirements at www.EmPowerLouisiana.org.

HOW TO APPLY

Consumers reserved rebates online or by phone; the reservation period is now closed. Completed applications must be printed and mailed to the address listed on the application form along with proof of purchase for processing, information about the old appliance, and certification that the old appliance will be recycled.

Products must be purchased within the timeframe determined during the reservation process. Rebates will be provided within 30 days from receipt of the required information.

For more information: www.EmPowerLouisiana.org

ELIGIBILITY

Applicant must furnish proof of Louisiana residency at the named address to qualify. Customers must be replacing an existing appliance to apply for rebates. Residents must certify that their old appliances have been recycled. Rebates will be limited to one per product per address. The appliance must be purchased from a vendor in Louisiana.
